

Health Wealth and Happiness Seminar

Special Invitation to CTCW Clients

Join us for a presentation by world motivational expert John Shackleton

The Directors of CTCW are very excited to announce that we have been able to secure the services of inspirational business motivational speaker, John Shackleton, and invite you to join us for a special presentation around strategies that will make you and your business more successful.

Recently, the Directors had the opportunity to hear John in person, and were so impressed that we immediately engaged him to speak to our staff. He was awesome, and every member of our team rated him outstanding.

At CTCW we are committed to working with our clients beyond compliance accounting, and have taken the opportunity to retain his services to give our clients the opportunity to hear him in person. Please feel free to bring your friends and work colleagues. We are convinced he will seriously improve your life through his techniques, which are simple and groundbreaking.

John's ethos is: "If you want to achieve better results in your business life, then you'd better understand how your brain works. You'll need to know what motivational strategies work for you, how to keep your mental focus when you're under pressure, how to switch on confidence whenever you need it and how to stay positive when it feels like the world is against you."

John has a background in sports coaching and psychology; he is a renowned expert on performance, showing international business audiences techniques to improve the most powerful muscle in the body - the brain. Check out his web site <http://www.johnshack.com/>

John has more than 20 years experience as a professional speaker and was voted **2007 Speaker of the Year** by the National Speakers Association of New Zealand. Australia's National speakers Association recently gave him a Certified Speaking Professional award, the highest qualification available to professional speakers and given to only *the top 5% of speakers world wide*.

As we expect a high turn out for this seminar, we recommend you book now to secure your seat. We've made John available to you, as a valued client, for no charge. However, in order to keep the limited places available we have a \$25 fee for anyone who books and doesn't attend. This reward and consequence approach will become clearer once you listen to John!
